TextBox Control

More on TextBoxes

For more information on the TextBox Control, refer to the booklet: "Text and Strings.pdf"

Erasing All Text

```
TextBox1.Clear()
```

... Or ...

```
TextBox1.Text = ""
```

Alignment of Text

```
TextBox1.TextAlign = HorizontalAlignment.Left  
TextBox1.TextAlign = HorizontalAlignment.Center  
TextBox1.TextAlign = HorizontalAlignment.Right
```

Font Properties

```
TextBox1.Font = New Font(TextBox1.Font, _____ )
```

Options:

```
FontStyle.Regular  
FontStyle.Bold  
FontStyle.Italic  
FontStyle.Underline  
FontStyle.Strikeout
```

Multiline Property

Unless the **Multiline** property is set to True, the TextBox will only be one line.

ScrollBars Property

```
None  
Horizontal  
Vertical  
Both
```
