## **SAY GOOD-BYE TO IDEA BRAIN-BLOCK AND DESIGN HASSLES WITH JOSTENS PAGE SURFER TEMPLATES, A ONE-OF-A-KIND YEARBOOK INNOVATION.**

On these pages you will find ready-to-use page templates, Click-N-Go! content modules and recognition ad libraries created by a group of the nation's finest yearbook designers.

Use this book to preview and select predesigned layouts. A design number is listed at the top of each design for easy reference. The designs are grouped into categories for simplified browsing, but all designs can be used in any combination, on any spread. Page Surfer designs can be used "as is" or modified to meet your needs. Customize the fonts, colors and theme of any of the designs to make them your own.

The font families featured in these designs are members of the Jostens AYT font library available exclusively for YearTech®, YearTech® Online and Monarch™ by Jostens®. For a complete list of font options — check out the Jostens AYT font guide available in your yearbook kit or online in the Digital Classroom on Yearbook Avenue.

### **USING PAGE SURFER TEMPLATES IN YEARBOOK AVENUE PAGE DESIGNER**

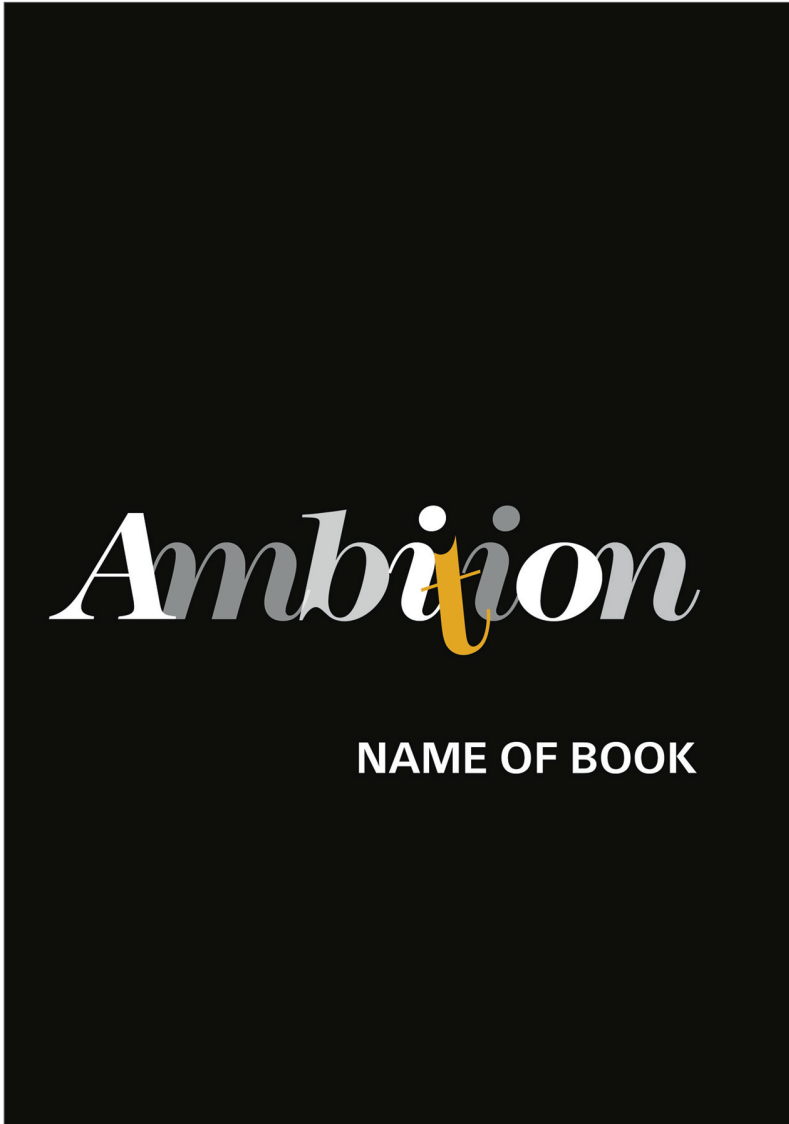

Select the Designs tab in the Page Designer to access the available templates. Then use the Template drop-down menu to select a template category. To place a template, simply drag it from the Template thumbnails section and drop it on your selected page. Some designs may appear differently due to differences in online design capabilities.

### **USING PAGE SURFER TEMPLATES IN ADOBE® INDESIGN®**

Select the Page Surfer icon in the YearTech toolbar. Page Surfer placement allows you to select the left and right pages independently so you can mix and match designs or leave pages blank for your own creations. Even-numbered designs are constructed for left-hand pages and odd-number designs for right; however, all designs can be switched to the opposite page, except for designs featured in the theme template collections which place as a double-page spread.

# Modular templates

With modular design, traditional photo spaces become content modules, opening a host of coverage options.

## MODULAR BASE TEMPLATES

Begin by selecting one of the predesigned modular base templates from the gallery. Each colored module on the template will hold content on the spread. Some colored modules may contain a single photograph while others contain multiple photos and story presentations.

## CLICK-N-GO! CONTENT MODULES

Drag and drop content modules from the corresponding color library onto the base template to create your finished design. Take control of the amount of content and how it is presented on the page by customizing the modules to meet your needs. Change the fonts, colors and content to make them your own.

# ReplayIt<sup>®</sup> Time Capsule

## MEMORIES MAXIMIZED

The ReplayIt Time Capsule gives students digital access to all the photos that were uploaded to ReplayIt during the school year. The ReplayIt Time Capsule is available to your school at no extra cost and provides access to all your photos for years to come.

## TIME CAPSULE TEMPLATES

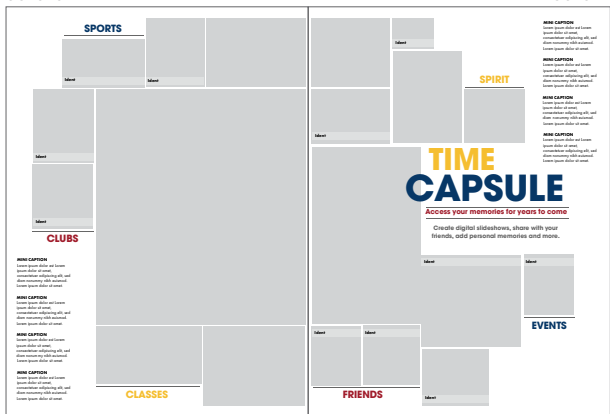

Use these templates to add additional coverage and promote the ReplayIt Time Capsule in your yearbook.

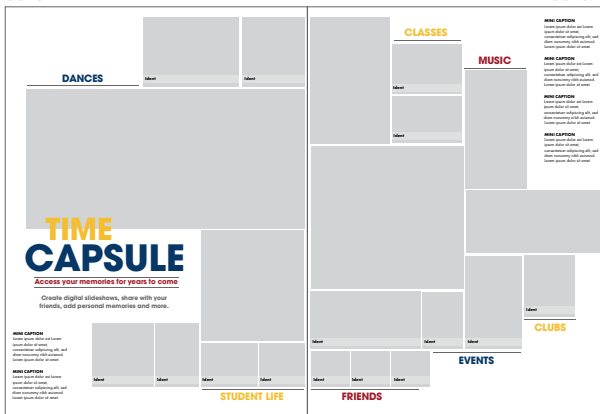

Purchasers can access the Time Capsule online or by downloading the free ReplayIt mobile app.

For more information on how to enroll in ReplayIt Time Capsule, contact your Jostens representative.

# Modular recognition ads

Student recognition ads generate additional revenue for the yearbook staff and create a more personal experience for the reader.

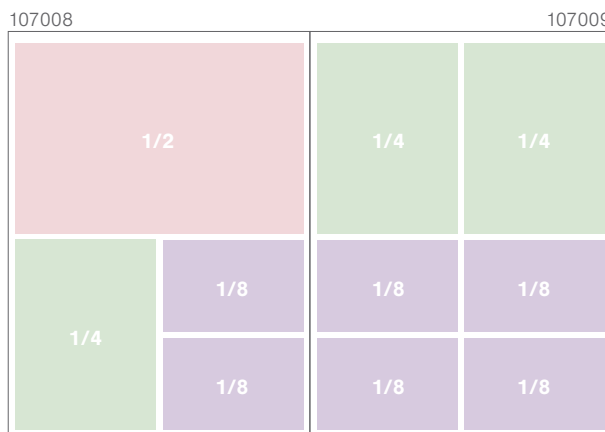

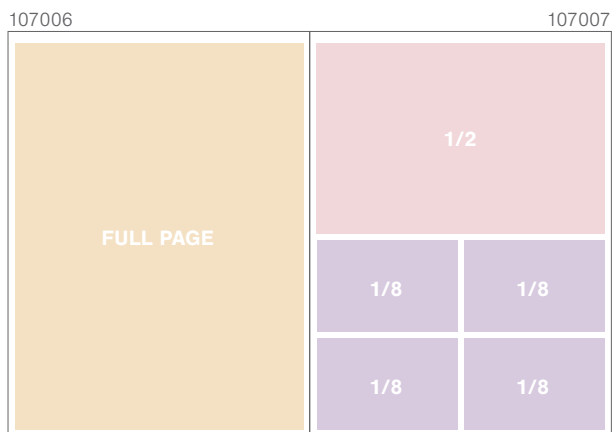

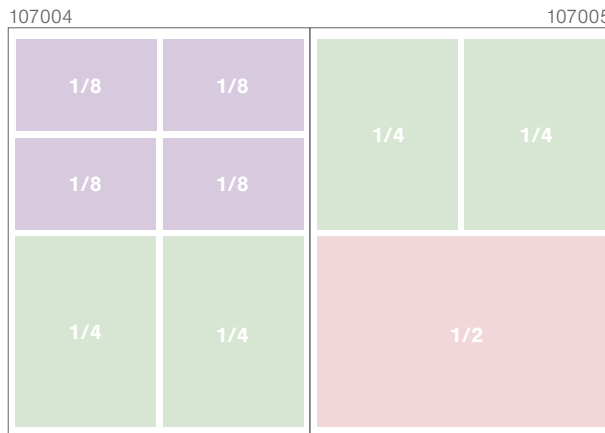

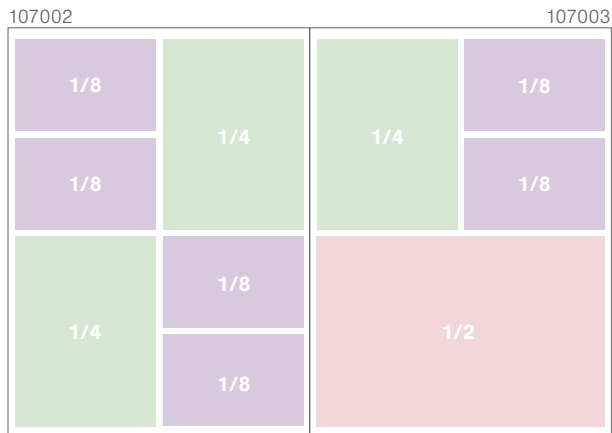

## MODULAR BASE TEMPLATES

Begin by selecting one of the predesigned modular base templates from the gallery or create your own using the recognition ad modules provided.

## CLICK-N-GO! RECOGNITION AD MODULES

Drag and drop content modules from the corresponding ad library onto the base template to create your finished design. Take control of the amount of content and how it is presented on the page by customizing the modules to meet your needs. Change the fonts, colors, and content to make them your own.
